Introducing the Preventive Maintenance Report from Direct-Hit™. Here's a way of delivering more money into your shop with very little effort. The Preventive Maintenance Report from Identifix's Direct-Hit™ helps inform your customer about regularly-scheduled maintenance as well as possible problems that might occur. By providing your customer with an easy-to-understand explanation of the "how and why" of each maintenance item, they will be more likely to authorize these suggested repairs. For more information about how you can take advantage of Direct-Hit™, visit us at www.identifix.com or call 1-800-745-9649.
