

CLEAN SOLUTIONS

RESTROOM SERVICE

Make sure your customers don't find empty restroom dispensers. With our routine restroom service, you'll always have essential hand care, paper and odor control products on hand.

RESTROOM CLEANING

Keep your restrooms fresh and sanitized, your customers happy and your employees focused on work with Sanis UltraClean® restroom cleaning service.

MOP SERVICE

Your floors are only as clean as your mops. Dirty mop heads are a breeding ground for germs and bacteria. With a Cintas rental mop program, your mops are sanitized and replaced each week so clean mops are available when you need them.

MAT SERVICE

Mats capture dirt and liquids as people enter and walk through your building, not only keeping your place clean, but also reducing maintenance costs.

TILE & CARPET CLEANING

Revive your floors to their original beauty with our tile & carpet cleaning service. Deep cleaning with heat, pressure, and extraction removes more dry particulate soil than any other method.

CLEANING CHEMICALS

Simplify your operation with our cleaning chemical service, so you can focus on what you do best — running your business. With Cintas and Signet® cleaning chemical service, you will always have cleaning chemicals in stock without having to carry inventory saving you time and money.
